

Lake Stevens Middle School

FREQUENTLY ASKED QUESTIONS (FAQ)

How can I see my child's grades?

My student told me he did not have homework. What's the policy on homework?

Are students required to wear uniforms?

How can I see my child's grades?

Parents may log into the [parent portal](#) and register. After they are registered, they can receive a Parent Pin Number by visiting the office at their child's school site.

Once a parent is registered and has their pin number, they will be able to go online through the parent portal, and use the Parent Viewer to see their student's grades. If a parent does not have internet access, another option is to receive the grades through the phone using an Interactive Voice Response Pin number.

Either Pin number can only be obtained by visiting the school to receive it.

My student told me he did not have homework. What's the policy on homework?

Every student is given homework at the end of each class. Because we are on block schedule, your student has each class subject three times a week. Your best bet is to ask to see the homework. Every student is required to have a notebook for each class. You can check the assignment in the notebook, or you can visit his teacher's website (optional) and check to see the assignment that was given.

Are students required to wear uniforms?

Yes, we are a uniform school. Incoming sixth and seventh grade students are required to wear uniforms.
